

Pan's Garden – Grades K-1

To Be Completed at School AFTER Field Trip

ELABORATE (Post-Visit – at school):

Bring students to your school's garden or any natural area. Point out that the shapes they learn in school (e.g. in math class) are found in lots of places in nature, including at school! Have students complete [Shapes in the Garden](#).

EVALUATE (Post-Visit - at school): Have students complete the [Post-Survey](#). Scan and email completed student surveys to Susan Lerner at slerner@palmbeachpreservation.org.
